

EZ-RIDGE
High Profile Decorative
Ridge Shingle With Seal Down

Note: Malarkey Roofing Products™ (Malarkey) inventory SKU numbers for the product: #222 EZ-Ridge™

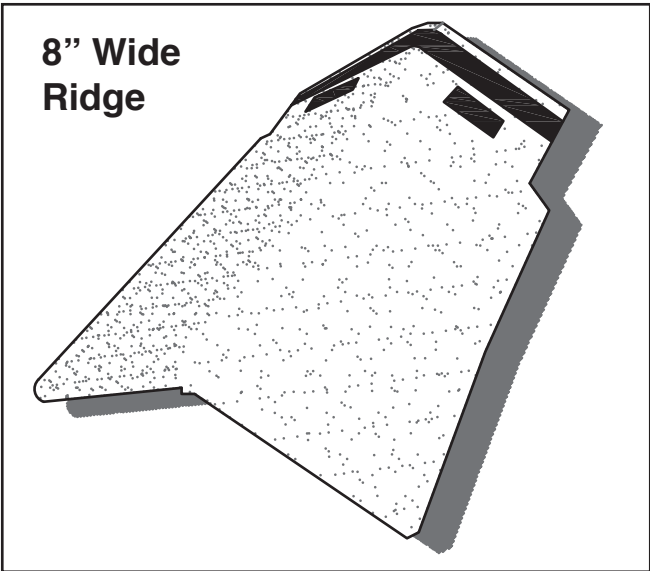

Product Description: EZ Ridge High Profile Decorative Ridge Shingles are manufactured using a strong fiberglass mat that has a proprietary SBS blend asphalt coating applied to the top and bottom. It is surfaced with colored ceramic granules and formed into a distinctive, unique shape that can complete any number of asphalt shingled roofing systems.

Advantages:

- Available in a number of shingle colors (see color availability list at right)
- Unique rounded edges result in a cleaner appearance
- Made with 'Modified' SBS asphalt coating for better performance and beauty
- Can be used over a wide variety of asphalt shingles (3-Tab & Architectural Laminates)

Use: Malarkey EZ-Ridge High Profile Decorative Shingles with Seal Down are installed over a newly shingled roof at the ridge, hips or rakes. *Contact Malarkey Roofing Products when installing this product over a venting ridge product.*
